SELL YOUR CONVERTERS ON RECOVERY

HEDGING

Lock-in your PGM prices to protect against market volatility.

PROCESSING

Converters are staged to separate foils, silicon carbide, and oxygen sensors. Each item is individually recorded and paid with full transparency.

SAMPLING

State-of-the-art catalyst milling equipment utilizing mechanical sampling to remove human bias.

ICP ANALYSIS

PGM concentrations are analyzed through inductively coupled plasma mass spectrometry.

PAYMENTS

Quick turnaround.
Fully detailed settlements.
Up to 80% upon delivery.
